Our Year 2018
Dear all,

Another busy year has passed and we thank you all as our clients, suppliers, colleagues and friends for your ongoing trust, support and partnership.

We would like to take this opportunity to share with you some samples of this year’s events. They have been very different in size, target group and format and it was a great pleasure for our team to be part of these three success stories.

They were not the only remarkable events though; we also managed conferences from 100 to 5,000 delegates in Garmisch, Munich, Tegernsee, Rome, Berlin, Heidelberg, Geneva and Vienna.

In 2019, well-known and new destinations are waiting for us and we are looking forward to meeting all of you somewhere between Munich, Glasgow and Thessaloniki!

### Event Concept

**Theme: “Cast off!”**

The event venue was turned into a harbour representing a cruise liner, yachts, pub, beach area and a lighthouse by setting up large tents (up to 10,000m²).

Various attractions were offered for guests of all ages e.g. space hoppers, beach volleyball tournament, surf simulators and a crafting station.

Spectacular highlights were a 200m Flying Fox from the Vetter headquarters as well as a 50m Mast Climbing.

Theme based food and beverage concept and a great party in the evening made the day memorable for all guests.
